

2011 ABREU

Rothwell Hyde

NAPA VALLEY

As vintners, while we may reflect on a particular season's highs and lows for years to come, the success of a vintage is ultimately determined by the fruit that makes its way into our tanks. Uncompromising work in the vineyard followed by dozens of quick hands and trained eyes on the sorting line saw our tanks receive fruit of no less than impeccable quality.

A barrel selection from all four of our vineyards - Madrona Ranch, Cappella, Thorevilos and Howell Mountain - this wine is a true estate blend made with the same exacting attention to detail applied to each of our single vineyard wines.

The little 2011 Rothwell Hyde we produced speaks volumes of our team, our vineyards, and our winemaker. It reflects the season perfectly with an inspiring freshness, finesse and grace.

Abreu

Rothwell Hyde has been produced in limited quantities from exclusively estate-grown fruit since the 2001 harvest. As each year has passed, we have evolved Rothwell Hyde into a true estate blend comprised of hand-selected barrels from each of the four Abreu Vineyards: Madrona Ranch, Cappella, Thorevilos, and Las Posadas. Crafted with the same exacting standards as our single vineyard wines, Rothwell Hyde lends further support to our belief that selectively harvesting vine-by-vine and co-fermenting multi-varietal lots produces dynamic, focused wines of purity and balance.
